

Small size – great performance

# Flow cytometry products for 30 tests

To further enable high performance, multicolor flow cytometry, Miltenyi Biotec is introducing new vial sizes for 30 tests in its most popular specificities. These products are a cost effective method to validate pilot experiments and optimize multicolor panels.

- Smaller vial sizes – suitable for all budgets
- Perfectly suited to small scale experiments
- Quality and consistency – based on Miltenyi Biotec's high quality standards
